

## **Compliance action taken for childcare provision**

Ref: EY491847/5424724

Date: 10 May 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 April 2023, the provider notified us of an allegation made against staff. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. A further notification was received on 21 April 2023 in relation to the incorrect administration of medication.

On 26 April 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. There were no concerns around the procedures followed after an allegation was made against a member of staff, or the outcomes of the internal investigation relating to this. However, the provider had taken action to refresh staff training on the procedures for administering medication after an incorrect dosage was given to a child.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
