

## **Compliance action taken for childcare provision**

Ref: EY345454/5409092

Date: 12 May 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 March 2023, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to effect the suitability of the early years provider or any person who cares children on the premises.

On 11 May 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 31 May 2023:

- *share the details and make a referral of information regarding concerns in the child's home life in line with local safeguarding partnership procedures*
- *ensure that the designated lead for safeguarding understands and follows procedures for raising and responding to concerns a child may be at risk of abuse*
- *take all reasonable steps to ensure staff and children are not exposed to risks*
- *implement effective communication systems to obtain and share relevant information with parents and other professionals, to ensure the setting is managed safely and children's individual need are met.*

We will monitor the provider's response to ensure the actions are successfully completed.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
