

## **Compliance action taken for childcare provision**

Ref: EY235841/5420455

Date: 19 May 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 April 2023, we carried out an inspection and found the provider was not meeting some of these requirements. The report and inspection outcome will be published in due course.

Following the inspection, we served a welfare requirements notice on 25 April 2023. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 12 May 2023:

- implement effective safeguarding procedures to protect children, including the procedures to follow in the event of an allegation against a member of staff
- ensure the designated safeguarding lead attends an appropriate child protection course, to help them identify, understand and respond appropriately to any child protection concerns
- implement an effective key-person system so that all children's individual needs are met consistently.

On 18 May 2023, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection. We found that the provider had improved their knowledge and understanding of

child protection procedures, and the acting designated safeguarding lead had attended an appropriate child protection course. Furthermore, a new key person system has been implemented to ensure the needs of the children are met at all times. We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.
