

Compliance action taken for childcare provision

Ref: EY343441/5444436

Date: 19 May 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 18 May 2023, the provider notified us of an incident. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 19 May 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has taken action to ensure that children are effectively supervised and accounted for at all times. They have reviewed the risk assessment for the pre-school room and added more safety measures to the doors to reduce the risk of children leaving the room unnoticed. The provider has held professional discussions with all staff to ensure that they fully understand their role and responsibility around staff deployment, and importance of following the risk assessment and safety procedures. Going forward, staff have completed refresher safeguarding training including ensuring effective communication in reporting incidents. The provider has implemented continuous spot checks to ensure these procedures are fully implemented by all staff.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
