

Compliance action taken for childcare provision

Ref: 512461/5418431

Date: 23 May 2023

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 21 April 2023, the provider notified us of a significant incident. The notification mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant incident.

On 23 May 2023, we carried out an unannounced regulatory visit. We found that the provider was not meeting some of the requirements and had taken action to put this right. They have ensured all staff are fully aware of and comply with the fire evacuation policy, and disciplinary action has been taken regarding the incident. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
