

Compliance action taken for childcare provision

Ref: EY461384/5317735

Date: 2 December 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 November 2022, the provider notified us of a change of health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 1 December 2022, we carried out a regulatory telephone call and suspended the provider's registration because we believe children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children. The provider has a right to appeal against a suspension. The provider may not provide childcare for which registration is required while the suspension is in place and may commit an offence if they do so.

On 9 December 2022, we lifted the suspension because the provider took appropriate action to deal with the matter that led to the suspension. We are satisfied that the identified risk of harm to children has been removed.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
