

Compliance action taken for childcare provision

Ref: EY480321/5449355

Date: 8 June 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 May 2023, the provider notified us of an injury a child had sustained at the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. On 23 May 2023, we also received concerns that the provider was not meeting some of the requirements.

On 5 June 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 12 June 2023:

- ensure the deployment of staff always meets the needs of children
- ensure risk assessments identify all aspects of the environment that need to be checked before children access the area, and that steps are taken to ensure children are not exposed to risks.

On 6 June 2023, the provider responded to the actions set. We found that the provider had updated their procedures so that staff are deployed effectively. They had also created new risk assessment procedures.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
