

Compliance action taken for childcare provision

Ref: EY499416/5451869

Date: 13 June 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 May 2023, the provider notified us of an incident where a child was left alone in a sleep room with staff thinking all children were awake and outside. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 9 June 2023 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has changed procedures for counting the number of children present to confirm staff know their location. The setting's sleep policy has also been updated to include that a staff member always remains in the sleep room until the last child is awake. The manager has provided staff with training on the new procedures and completed regular checks to confirm all children are accounted for. Staff members have more regular one-to-one meetings with the manager to check their understanding of their responsibilities.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
