

Compliance action taken for childcare provision

Ref: EY452984/5463007

Date: 20 June 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 June 2023, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any serious accident, illness or injury to, any child while in their care, and of the action taken.

On 15 June 2023, we carried out a regulatory telephone call. We found the provider had taken appropriate action to reflect on the accident that had happened. They had reviewed the supervision needs for children when using the bathroom facilities. Particularly for those children with special educational needs or disabilities (SEND).

During the regulatory telephone call, we found new areas of concern. This means that the provider was not meeting other requirements as set out in the Statutory framework for the early years foundation stage. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 26 June 2023:

- strengthen the key person arrangements to help ensure that every child's care is tailored to meet their individual needs to help the child become familiar with the setting, offer a settled relationship for the child, and build a relationship with their parents.

We are satisfied the provider has successfully met the action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
