

Compliance action taken for childcare provision

Ref: 2548217/5448261

Date: 5 July 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 May 2023, we carried out an inspection and found the provider was not meeting some of these requirements.

Following the inspection we served a welfare requirements notice on 6 June 2023. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 16 June 2023

- train staff to understand the safeguarding policy and procedures and ensure that they have an up to-date knowledge and understanding of safeguarding issues including where to report concerns and how to manage allegations

- ensure that there is a named deputy who is capable and qualified to take charge in the manager's absence

- ensure that there are sufficient staff with the required qualifications and/or knowledge and skills to ensure the safety and welfare of children

- ensure all information about vetting processes that have been completed are maintained and accessible, this includes specific detail about the criminal records check

On 20 June 2023, we found that the provider had not met all of the actions set in the welfare requirement notice. We are taking steps to cancel the provider's registration. The provider has a right to object to our intention to take these steps.
