

## **Compliance action taken for childcare provision**

Ref: EY479011/5454214

Date: 7 July 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 May 2023, the provider notified us that a child had been given and started to eat some food that they were not allowed due to an allergy. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 26 June 2023, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has retrained staff on food allergens and refreshed their knowledge of the policies and procedures relating to the safe serving of food. We are satisfied with the action taken by the provider and no further action was required by Ofsted on this matter. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
