

Compliance action taken for childcare provision

Ref: EY499009/5480933

Date: 11 July 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework. If we find that a provider is not meeting the requirements, we take action to ensure they put matters right.

On 3 July 2023, we received a concern. On 10 July 2023, we carried out an unannounced visit. We found the provider had failed to previously notify Ofsted and appropriate local authority agencies of an earlier significant event in May 2023. We found that the provider had identified a weakness in requirements and had taken action to improve their safeguarding policy and staff's knowledge of safeguarding procedures. The provider will be able to give parents further information about this. We are satisfied with the action taken by the provider. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
