

Compliance action taken for childcare provision

Ref: 960724/5465098

Date: 4 August 2023

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 13 June 2023, we received concerns that the provider was not meeting some of these requirements.

On 28 July 2023, we carried out a regulatory visit to the setting. We found the provider was meeting requirements in relation to the concerns we received. However, at the visit, we found that the provider had failed to notify Ofsted about a significant event as is required. We discussed this with the provider at the visit. Ofsted are satisfied that on this occasion, this was an oversight by the provider. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
