

Complaint about childcare provision

Ref: 2499305/5509841

Date: 16 August 2023

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 9 August 2023, we received concerns that the provider was not meeting some of these requirements.

On 14 August 2023, we carried out an unannounced regulatory visit. We found the provider has very recently carried out a detailed health and safety audit. Through this, they have fully reviewed and improved their risk assessments. They also have plans in place which will be carried out imminently to improve children's access to the outdoor play area. The provider will be able to give parents further information about his. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
