

## **Complaint about childcare provision**

Ref: EY436473/5502090

Date: 31 August 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2) If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 July 2023, we received a notification from the provider. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 22 August 2023, we carried out an unannounced regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved how children are supervised when playing outdoors. Additional risk assessments have been implemented for outdoor play, including regular head counts of children going outside to play and returning to their nursery room.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
