

## **Compliance action taken for childcare provision**

Ref: 135433/5518967

Date: 5 September 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 August 2023, the provider notified Ofsted about some changes to persons living on the premises and changes to their health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 4 September 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. The provider had failed to notify Ofsted about all the changes to the persons living on the premises and about changes relating to the provider's contact details. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Action needed by 12 September 2023:

- obtain a current first aid qualification which is appropriate and relevant to the ages of the children being cared for
- ensure appropriate insurance is in place that provides cover for the premises and that covers death, injury, public liability, damage or other loss
- gain knowledge and understanding of what needs to be notified to Ofsted about significant events.

We will monitor the provider's response to ensure the actions are successfully completed. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
