

Compliance action taken for childcare provision

Ref: EY541946/5460507

Date: 14 September 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 May and 27 June 2023, the provider notified us of safeguarding issues. The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 12 July and 11 September 2023, we carried out regulatory telephone calls. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has arranged additional training to increase staff's knowledge and understanding of procedures for the nappy changing, as well as for reporting and recording accidents and injury. Managers have put in place routine safeguarding discussions at staff meetings. These discussions have increased staff's awareness of how to ensure that the care is tailored to meet children's individual needs at all times. Additionally, staff completed behaviour management training. This helped to ensure that staff implement behaviour management policy consistently throughout the setting. Managers routinely review policies and procedures. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
