

Compliance action taken for childcare provision

Ref: 107216/5500930

Date: 15 September 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 31 July 2023, we received concerns that the provider was not meeting some of these requirements.

We suspended the provider's registration on 31 July 2023 because we believe children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children. The provider has a right to appeal against a suspension. The provider may not provide childcare for which registration is required while the suspension is in place and may commit an offence if they do so.

On 16 August 2023, we carried out a regulatory telephone call/regulatory visit. We found the provider was not meeting some of the requirements in relation to child protection, suitable people and notifiable changes.

On 8 September 2023, the provider notified us of their wish to resign their registration. Consequently, we lifted the suspension to allow us to resign their registration. They are no longer a registered childcare provider.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
