

Holton Sleaford Independent School

Westgate House, Westgate, Sleaford, Lincolnshire NG34 7RJ

Inspection date

18 July 2023

Overall outcome

The school meets all of the independent school standards that were checked during this inspection

Main inspection findings

Part 3. Welfare, health and safety of pupils

Paragraph 7–7(b), 32(1) and Part 6 paragraph 32(1)(c)

- Leaders have ensured that the school's safeguarding policy is available for parents and carers to download from the school's website. The safeguarding policy contains current government statutory guidance.
- Leaders and staff have received appropriate safeguarding training. This includes training on the 'Prevent' duty and the signs and dangers of county lines drug trafficking. Staff know the procedures to follow should they have any safeguarding concerns regarding a pupil or a member of staff.
- Leaders record any safeguarding concerns clearly and in detail. Very occasionally, the subsequent actions taken by leaders following a safeguarding concern are not recorded in enough detail.
- Leaders contact a wide variety of outside agencies promptly to report their safeguarding concerns and to seek further help and guidance.
- The proprietor and leaders undertake a range of activities to ensure that the school promotes pupils' well-being. There are frequent opportunities for pupils to learn how to keep themselves safe and become responsible citizens through the comprehensive personal, social, health and economic curriculum. They learn about the dangers of drug and alcohol misuse and how to stay safe when online.

Paragraph 9–9(c)

- Leaders have ensured that the school's behaviour policy is appropriate. The policy sets out the rewards and sanctions that are in place in the event of any pupil misbehaviour.
- Staff implement the behaviour policy effectively and consistently.
- Leaders keep records of pupil misbehaviour and analyse any such incidents. This work helps to identify potential behaviour triggers so that mitigating actions can be taken.

The number of incidents of poor behaviour remains the same, despite a recent increase in the number of pupils on the school's roll.

- The number of physical intervention incidents is falling over time. Leaders and staff have been trained in appropriate de-escalation techniques. The need for physical intervention is seen as a last resort.

Paragraph 10

- Leaders have ensured that there is an appropriate anti-bullying policy and strategy in place. Pupils say that any bullying incidents are rare and that they trust the staff to deal with these appropriately and fairly.

Paragraph 11, 13

- The school has an appropriate health and safety policy. It explains to staff, for example, the procedures for fire evacuation, first aid and the administration of medicines. The premises plan informs staff of the location of fire routes, emergency lighting, fuse boxes, drinking water and medical facilities.
- Leaders have ensured that there is an appropriate first-aid policy. Staff have received first-aid training, and a number also possess outdoor first-aid certificates. Leaders keep detailed records of accidents when first aid has been administered.

Paragraph 14

- Leaders have ensured that pupils are adequately supervised through the appropriate deployment of school staff. This includes when pupils are undertaking off-site educational visits.

Paragraph 16–16(b)

- The school's policy for undertaking risk assessments is appropriate. Each pupil has their own, bespoke risk assessment. Some have behaviour management plans. Together, these documents help to mitigate the identified risks, for example through the deployment of additional staff.
- Leaders use the risk assessments from the venues of any off-site educational visits. They also produce daily cover sheets that inform staff supervising pupils on these visits of any specific additional risks that need to be considered during the day.
- The school meets all the requirements of the independent school standards (the standards) that were checked in this part.

Part 4. Suitability of staff, supply staff, and proprietors

Paragraph 18(2)–18(2)(e), 18(3), 19(1)–19(2)(d)(ii), 20(6)–20(6)(c), 21(1)–21(5)(c), 21(6)

- Leaders have undertaken safer recruitment training. They have a good understanding of their duty to make thorough recruitment checks on any new members of staff.
- The school does not use the services of supply staff.
- The single central record contains the necessary statutory information.
- The school meets all the requirements of the standards that were checked in this part.

Part 8. Quality of leadership in and management of schools

Paragraph 34(1)–34(1)(c)

- Leaders have a good understanding of the standards. They show good skills and knowledge that are appropriate to their roles. They are experienced in providing good-quality provision for pupils with special educational needs and/or disabilities.
- By being on site most days, the proprietor monitors leaders and ensures that they are fulfilling their roles effectively.
- The proprietor has put in place an experienced governing body. Governors visit the school frequently to check on leaders' work and speak with pupils and staff. The governing body is therefore holding the leaders fully to account for their actions.
- The school meets all the requirements of the standards in this part.

Compliance with regulatory requirements

The school meets the requirements of the schedule to the Education (Independent School Standards) Regulations 2014 ('the independent school standards') and associated requirements that were checked during this inspection. Not all of the standards and associated requirements were checked during this inspection.
