

Compliance action taken for childcare provision

Ref: EY546902/5547382

Date: 12 October 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 September 2023, the provider notified us of an incident related to the supervision of children. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 11 October 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider managed the incident appropriately and has made adaptations to practice to prevent reoccurrence. For example, the provider has reviewed security of the premises and has given consideration to placing additional locks on the internal front entrance gates. They held a meeting with staff and have reiterated the supervision of children procedures and conducted in-house training related to this. Following this, the setting manager has increased their monitoring of staff focusing on effective staff deployment within the nursery as well.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
