

Compliance action taken for childcare provision

Ref: EY544148/5542839

Date: 29 September 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 September 2023, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 29 September 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 9 October 2023:

- ensure that all persons holding a valid paediatric first aid certificate, are fully aware and competent to administer relevant first aid for the accident/injury sustained, this includes being aware of when to seek emergency medical assistance
- implement robust procedures so that parents are informed promptly of accidents and injuries their child sustains, and the details of the first aid administered
- ensure robust and thorough risk assessments for the premises are undertaken on a regular basis throughout the day to ensure children are not exposed to any risks.

On 6 October 2023, the provider responded to the actions set. We found that the provider has taken steps to re-train staff in specific aspects of first aid procedures. Procedures have been reviewed to ensure parents are informed of significant accidents and injuries. New procedures for risk assessments have been put in place to help keep children safe.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
