

Compliance action taken for childcare provision

Ref: EY482339/5508253

Date: 17 October 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 August 2023, the provider notified us that a child was left unattended in the nursery during a transition from one room to another. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 27 September 2023, we also received other concerns that the provider was not meeting some of these requirements.

On 4 October 2023, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. They were able to explain what training they had provided to staff to ensure that they fully understood the procedures and expectations when transitioning children from room to room. The provider described how they had made changes to the procedures to administer medication. In addition, explained how they will ensure a two-way exchange of accurate information about children's individual needs is maintained with parents.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
