

Compliance action taken for childcare provision

Ref: 137547/5540345

Date: 20 October 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 September 2023, we carried out an inspection and found out that the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be Not Met (enforcement). The inspection report sets out the actions the provider was required to take to meet the requirements.

On 28 September 2023, we informed the provider of our intention to take steps to cancel their registration. On 28 September 2023, the provider notified us of their decision to resign their registration. The provider is no longer registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
