

Compliance action taken for childcare provision

Ref: 253801/5494443

Date: 4 September 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 July 2023, we carried out an inspection and found the provider was not meeting some of these requirements.

The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 18 August 2023, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection. We found that the provider had taken appropriate steps to ensure the environment is safe, clean and hygienic for children. Staff were effectively deployed to meet the needs of children. Staff understand their responsibility to promote good oral health with children. Accurate records are maintained. There are arrangements in place to ensure staff understand their roles and responsibilities. Information is shared to ensure children's needs are met.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
