

Compliance action taken for childcare provision

Ref: 2518232/5557430

Date: 8 November 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 May 2023, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 3 October 2023, we received concerns that the provider was not meeting some of the requirements of the early years foundation stage.

On 27 October 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken appropriate action to put this right. The provider had reviewed the arrangements for monitoring staff practice and introduced a stronger, more structured approach for more regular support and monitoring. The provider had also reviewed aspects of their safeguarding policy to include further details about when to contact safeguarding agencies. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
