

Compliance action taken for childcare provision

Ref: EY446524/5555039

Date: 2 November 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 October 2023, we received concerns that the provider was not meeting some of these requirements.

On 10 October 2023, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 6 November 2023:

- ensure appropriate procedures are followed in response to accidents and that accident records are accurate and contain sufficient detail
- improve risk assessments to ensure that all equipment used by children is safe and potential hazards are identified.

The provider has since confirmed that the actions have been completed.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
