

Compliance action taken for childcare provision

Ref: 2526839/5505818

Date: 15 November 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 October 2023, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 30 October 2023, we carried out an unannounced regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that the provider had improved their knowledge and understanding of child protection procedures and now fully understand their responsibilities when working with other agencies. The provider ensures that there is at least one member of staff on duty who has an up-to-date paediatric first-aid qualification. All staff have undertaken an induction and outstanding recruitment checks have been completed. The provider and the manager have reviewed and improved procedures to monitor the provision. This helps them to identify where there are gaps in staff knowledge or where improvement is required. We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
