

Compliance action taken for childcare provision

Ref: EY466212/5595191

Date: 24 November 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 November 2023, the provider notified us of an incident relating to the security of the premises and supervision of children. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 24 November 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has investigated the incident. They have reviewed their organisational processes relating to security of the premises, particularly at drop off and collection times. The provider has liaised with relevant professionals and are working closely with the school and relevant external providers to implement tighter protocols relating to the main entrance gate. The provider has sent communication to their management and staff team regarding this. They are in the process of visiting their provisions to complete spot checks on the changes to these practises to ensure compliance.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
