

Compliance action taken for childcare provision

Ref: EY459971/5602524

Date: 14 December 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 November 2023, the provider notified us of a child being left in the outdoor area unsupervised for a brief period while staff took children back inside. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 8 December 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider reduced the numbers of children using the large garden at any one time to ensure children are supervised effectively. Staff had received training on the new procedures for recording the numbers of children using the large garden. The provider had improved the arrangements for communication between staff to ensure they are aware of numbers of children they are responsible for. The provider has monitored the new arrangements to ensure staff follow the procedures vigilantly to keep children safe.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
