

Inspection of Caedmon Community Primary School

Whitehall Road, Gateshead, Tyne and Wear NE8 4LH

Inspection dates: 8 to 9 November 2023

Overall effectiveness	Good
The quality of education	Good
Behaviour and attitudes	Good
Personal development	Good
Leadership and management	Good
Early years provision	Good
Previous inspection grade	Good

What is it like to attend this school?

Pupils thrive in this wonderfully inclusive school. They are particularly accepting of others, with respect at the heart of the school's ethos. This is evident in the strong relationships between staff and pupils. Pupils are nurtured and supported to be the best they can be. This helps them to feel happy and safe in school.

The school sets high expectations for all pupils and is ambitious for their future successes. The 'six Rs' (respectful, responsible, resilient, ready, resourceful and reflective) are attributes to which pupils aspire. Older pupils embrace the responsibilities bestowed on them. All of them fulfil the role as prefects. The importance of being a good role model for younger children is instilled in them. They do not disappoint.

Pupils behave well. They understand the importance of good manners and of consideration for others. They listen attentively in class and are keen to talk about their work. Incidents of inappropriate behaviour are rare.

Pupils are adamant that bullying does not happen here. They are equally confident that if it were to happen, it would be sorted immediately.

Playtimes are harmonious. There is plenty to do. The school's pupil councillors offer suggestions for improvement. They are listened to. They are particularly proud of the new playground surface they helped to commission.

What does the school do well and what does it need to do better?

The school works hard to develop an ambitious curriculum that reflects the high aspirations it has for its pupils. Commercial schemes and bespoke plans are carefully blended to make this happen. Leaders maintain strong oversight. They are continuously looking at ways to strengthen and improve their plans.

In all subjects, curriculum plans from Years 1 to 6 identify the important knowledge pupils must learn. Key knowledge is sequenced carefully, so that pupils know and remember more. Likewise, the early years curriculum identifies the essential knowledge for all areas of learning. Such knowledge is mapped out to build children's understanding step by step. However, in some subjects, the essential knowledge identified in the early years curriculum does not fully align with that identified in wider curriculum plans. For example, the essential knowledge and key vocabulary identified in science plans for seasonal change differ between curriculums. This hinders some children's readiness for learning in Year 1.

Reading is at the heart of all curriculum plans. The school prioritises it, investing heavily in reading stock. There is always a rich selection of books available for pupils to read for pleasure. The school looks for creative ways to encourage this. The 'Golden Bag' is awarded to one lucky pupil from each class every week. Its contents

are designed to make reading pleasurable. Aside from the selection of well-chosen books, a fleece blanket, hot chocolate and special treats certainly do the trick.

Early reading is taught effectively and consistently. As a result, increasing numbers of pupils successfully attain the phonics screening check. Pupils practise their reading with books that are well matched to their phonics knowledge. Any pupil in need of extra support receives it straightaway.

Good-quality stories and texts are also used as a stimulus for writing. Pupils study a range of writing styles and develop a secure understanding of audience and purpose. Pupils' writing develops well. Work in their English books shows an increasing command of grammatical structures. However, this is not replicated when pupils write in other subjects. Here, pupils' writing is more variable and does not meet leaders' expectations.

The pastoral care given to pupils is exemplary. The school wraps arms of support and encouragement around every pupil. Personal development is well considered. Particularly noteworthy are the efforts made to raise pupils' aspirations. Every opportunity is taken to explore the world of work and to engage pupils in considering future pathways.

The early identification of pupils with special educational needs and/or disabilities (SEND) is highly effective. It leads to timely support and intervention. Careful adaptation of curriculum plans enables pupils with SEND to access learning at an appropriate level. Personal targets pinpoint pupils' next steps in learning with precision.

The school's actions are improving pupils' attendance. The number of pupils who are persistently absent is reducing markedly. This is very pleasing and is testimony to the tenacity of school leaders.

Governors know the school well. They ensure that staff are well trained to be alert to the risks pupils may face and how to report these. They use their skills wisely to both support and challenge the work of the school. They are, rightly, proud of the school's achievements.

Parents and carers speak highly of the school. They value all that staff do to help and support them.

Safeguarding

The arrangements for safeguarding are effective.

What does the school need to do to improve?

(Information for the school and appropriate authority)

- The school has not yet securely and consistently aligned the early years and whole-school curriculums. This means that, in some subjects, some pupils are not as well prepared for the Year 1 curriculum as they could be. Leaders need to strengthen this aspect of curriculum planning, so that all pupils are equipped with the essential, foundational understanding needed in all subjects and are ready for their next steps in learning.
- The quality of pupils' writing in subjects across the curriculum is variable and does not match that seen in English. This means that important opportunities to consolidate learning and deepen pupils' understanding of writing for different subjects are lost. Leaders need to ensure that pupils' writing in all subjects is consistent with the high standards expected in English lessons.

How can I feed back my views?

You can use Ofsted Parent View to give Ofsted your opinion on your child's school, or to find out what other parents and carers think. We use information from Ofsted Parent View when deciding which schools to inspect, when to inspect them and as part of their inspection.

The Department for Education has further guidance on how to complain about a school.

Further information

You can search for published performance information about the school.

In the report, 'disadvantaged pupils' is used to mean pupils with special educational needs and/or disabilities (SEND); pupils who meet the definition of children in need of help and protection; pupils receiving statutory local authority support from a social worker; and pupils who otherwise meet the criteria used for deciding the school's pupil premium funding (this includes pupils claiming free school meals at any point in the last six years, looked after children (children in local authority care) and/or children who left care through adoption or another formal route).

School details

Unique reference number 108380

Local authority Gateshead

Inspection number 10255686

Type of school Primary

School category Community

Age range of pupils 3 to 11

Gender of pupils Mixed

Number of pupils on the school roll 255

Appropriate authority The governing body

Chair of governing body Allan Symons

Headteacher Clive Wisby

Website www.caedmonprimary.org

Date of previous inspection 11 January 2018, under section 8 of the

Education Act 2005

Information about this school

■ The school runs a breakfast club provision.

■ The school does not currently use any alternative provision.

Information about this inspection

The inspectors carried out this graded inspection under section 5 of the Education Act 2005.

- Inspections are a point-in-time judgement about the quality of a school's education provision.
- This was the first inspection the school had received since the COVID-19 pandemic began. Inspectors discussed the impact of the pandemic with the school and have taken that into account in their evaluation of the school.
- Inspectors met with the headteacher, the deputy headteacher, members of the local governing body (including the chair of governors), and a representative of the local authority.

- The inspection team carried out deep dives in early reading, mathematics, science, and design technology. For each deep dive, inspectors discussed the curriculum with subject leaders, visited lessons, spoke to teachers and to pupils and looked at samples of pupils' work. Pupils were heard to read with a familiar adult. Inspectors completed an extended review of the school's approaches to the teaching of writing and looked at samples of pupils' writing across the curriculum.
- An inspector spoke to pupils formally and informally about their views of the school and matters relating to behaviour and conduct.
- The views of parents and staff were gathered through a review of responses to online surveys, including 65 free-text comments. Inspectors spoke to parents at the start and end of the school day.
- Inspectors reviewed a wide range of documents, including improvement plans and minutes of governing body meetings.
- To evaluate the effectiveness of safeguarding, the inspectors: reviewed the single central record; took account of the views of leaders, staff and pupils; and considered the extent to which the school has created an open and positive culture around safeguarding that puts pupils' interests first.

Inspection team

Diane Buckle, lead inspector Ofsted Inspector

Emma Robins Ofsted Inspector

Kate Byrne Ofsted Inspector

The Office for Standards in Education, Children's Services and Skills (Ofsted) regulates and inspects to achieve excellence in the care of children and young people, and in education and skills for learners of all ages. It regulates and inspects childcare and children's social care, and inspects the Children and Family Court Advisory and Support Service (Cafcass), schools, colleges, initial teacher training, further education and skills, adult and community learning, and education and training in prisons and other secure establishments. It assesses council children's services, and inspects services for children looked after, safeguarding and child protection.
