

Compliance action taken for childcare provision

Ref: 123548/5610317

Date: 21 December 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 December 2023 we received concerns that the provider was not meeting these requirements relating to accidents and injuries. On 13 December 2023, the provider notified us about the same event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 19 December 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had retrained staff on the correct procedures to follow in the event a child has an accident including informing parents in a timely manner. The provider had also increased the monitoring of practice to ensure staff including leaders and managers follow the policies and procedures at all times.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
