

Compliance action taken for childcare provision

Ref: EY547383/5601065

Date: 6 December 2023

Summary of outcome

On 9 November 2023, the provider notified us of a significant event which is likely to affect the suitability of any person who is in regular contact with children. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any allegations against adults working with children.

On 4 December 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 20 December 2023:

- ensure staff are alert to any issues of concern in the child's life at home or elsewhere
- ensure the procedure's for allegation management is in line with the local safeguarding procedures.

A suitable response to the action was received.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
