

Complaint about childcare provision

Ref: EY423224/5563511

Date: 11 January 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 October 2023, we received concerns that the provider was not meeting some of these requirements.

Furthermore, on 3 November 2024, the provider notified us of a significant event in relation to child supervision. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 8 and 29 November 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. For instance, the provider has implemented new head count arrangements, which are monitored closely to ensure children are appropriately supervised. Staff have received additional training in deployment and relevant policies and procedures have been updated.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
