

Compliance action taken for childcare provision

Ref: 2629656/5602118

Date: 18 January 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 November 2023, we carried out an inspection and found the provider was not meeting some of these requirements.

The report and inspection outcome will be published in due course. Following the inspection we served a welfare requirements notice on 1 December 2023. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 11 December 2023:

- ensure an effective risk assessment procedure is implemented that helps staff to identify potential hazards and minimise risks to children
- provide appropriate training and support for staff so that they understand how to ensure that all children have consistent opportunities to interact with others, build vocabulary and develop their speaking skills.

On 19 December 2023, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

We found that the provider had improved their risk assessment procedure to help improve children's safety. The provider now offers appropriate support to help staff interact more consistently with children and develop their communication and language.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
