

Compliance action taken for childcare provision

Ref: EY414291/5633162

Date: 24 January 2024

Summary of outcome

His Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage (EYFS). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 January 2024 the provider notified Ofsted that a young child in their care had sustained an injury to their face and required external medical attention.

The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event.

On 19 January 2024 we carried out a regulatory telephone call to the provider. We found the provider had acted appropriately when a child in their care suffered injuries to their face. Following the incident, they carried out a full investigation and made some changes to the environment, in order to prevent any risk of a repeat incident.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
