

## **Compliance action taken for childcare provision**

Ref: EY296962/5642278

Date: 6 February 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework](http://www.gov.uk/government/publications/early-years-foundation-stage-framework). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 January 2024, we received a concern about an incident that had taken place at the nursery. On 5 February 2024, we conducted an unannounced visit to the setting. We found that they had taken appropriate action as a result of the incident. On this occasion, we do not intend to take any action. This is because at the time of the incident the provider took immediate action. They conducted an internal investigation and reviewed children's individual dietary risk assessment procedures. The provider will be able to give parents further information about this. We are satisfied with the action taken by the provider. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
