

## **Compliance action taken for childcare provision**

Ref: 2700208/5654452

Date: 12 February 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 February 2024, the provider notified us of a serious incident. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of any significant event that may affect the suitability of the early years provider or any person who cares for children on the premises to look after children. On 12 February 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements at the time of the incident. This related to children not being appropriately supervised while using the toilets in the setting. The provider has taken immediate action to ensure that a similar incident does not happen again. This includes reviewing staffing arrangements and risk assessments to ensure children's safety at all times. The provider is also implementing changes to the curriculum to include helping children to learn more about how to keep themselves safe. We are satisfied with the action taken by the provider. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
