

Compliance action taken for childcare provision

Ref: EY314153/5663205

Date: 1 March 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 February 2024, the provider notified us that a child had sustained a broken arm while in their care. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any serious accident, illness, or injury to, or death of, any child while in their care, and of the action taken.

On 1 March 2024, we carried out a regulatory telephone call. We found that the provider had not on this occasion, followed their accident/ incident policy fully. However, the provider is aware of that and will ensure that they effectively implement and follow their own policy and procedure in future. We did not require the provider to take any other action.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
