

Compliance action taken for childcare provision

Ref: 110403/5673769

Date: 4 March 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 January 2024, we carried out a telephone regulatory event and found the provider was not meeting some of these requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 16 February 2024:

- ensure that all persons with governance and oversight understand their roles and responsibilities.

On 19 February 2024, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare action raised at the telephone regulatory event. We found that the provider had improved their knowledge and understanding of their roles and responsibilities and had a good oversight of the setting.

We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.
