

Compliance action taken for childcare provision

Ref: EY496035/5666161

Date: 22 March 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 February September 2024, the provider notified us that a child was able to leave the premises unsupervised. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 21 March 2024, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. We found that the provider had taken steps to ensure the premises are now fully secure This includes the fitting of new internal locks and devising more robust systems for risk assessment and staff communication. The provider has also provided staff training to ensure they implement the new procedures robustly.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.
