

## **Compliance action taken for childcare provision**

Ref: 2551694/5618898

Date: 27 March 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 20 December 2023, the provider notified us of an incident at the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for early years foundation stage to notify Ofsted of such instances.

On 27 March 2024, we carried out a regulatory telephone call. We found that at the time of the incident, some legal requirements in the Statutory framework for the early years foundation stage had not been met. The provider had needed to take steps to address this. They have ensured all staff are fully aware of and comply with the safeguarding and whistle blowing policy, and disciplinary action has been taken regarding the incident. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
