

## **Compliance action taken for childcare provision**

Ref: 2659528/5683997

Date: 21 March 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 March 2024, we received concerns that the provider was not meeting some of these requirements.

On 19 March 2024, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 28 March 2024:

- keep a written record of all accidents or injuries and first aid treatment. Inform parents and/or carers of any accident or injury sustained by the child on the same day as, or as soon as reasonably practicable after, of any first aid treatment given.

The provider responded to say they had held a staff meeting to ensure all staff are aware of the accident or injury process to be followed. This includes recording more specific information, such as the site of an injury. Staff will also notify parents the same day as an injury has occurred, and a new form has been implemented to monitor that has been completed. We are satisfied with the action taken by the provider.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
