

Complaint about childcare provision

Ref: EY553025/5687448

Date: 4 April 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 March 2024, the provider notified us of a serious accident. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. Additionally, on 18 March 2024, we received concerns that the provider was not meeting some of these requirements.

On 28 March 2024, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. This included updating their risk assessments to remove potential hazards in the garden area, and supporting staff to supervise children more effectively.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.
