

Compliance action taken for childcare provision

Ref: EY448431/5669812

Date: 16 April 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. As part of our routine suitability checks we received some information which we had not been made aware of. On 16 April 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements as they had failed to notify us of changes to the household, which is an offence. There was no impact as individuals had left the premises and we had not been updated. The provider is now aware that Ofsted must be notified of any changes. We are satisfied that this will be completed in the future and no further action is required. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
