

Compliance action taken for childcare provision

Ref: EY366991/5715624

Date: 7 May 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 April 2024, we received concerns that the provider was not meeting some of these requirements.

On 25 April 2024, the provider notified us that a child left the sensory garden unsupervised. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event. The provider will be able to give parents further information about this.

On 7 May 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. On 7 May 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has reviewed and changed the risk assessments and made staff aware of the changes to ensure staff are extra vigilant when children are playing in this area. In addition, they have reduced the gaps in the fencing to prevent children being able to climb through.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
