

## **Compliance action taken for childcare provision**

Ref: EY493645/5709683

Date: 8 May 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework](http://www.gov.uk/government/publications/early-years-foundation-stage-framework). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 April 2024, we received concerns that the provider was not meeting some of these requirements. On 25 April 2024, we carried out a regulatory visit. We have served a welfare requirements notice. This is a legal notice that required the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by the 3 May 2024:

take effective steps to ensure that all areas of the premises and equipment are fit for purpose, and suitable for the age of children cared for

take action to ensure the safety of all children and identify, remove, or minimise, all risks and hazards to children's health and safety, with particular regard to children eating

make sure all staff have appropriate induction, training, skills and knowledge, to help them have a clear understanding of their roles and responsibilities.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

On 7 May 2024, we carried out an inspection and found the provider was not meeting some

of these requirements.

The report and inspection outcome will be published in due course. Following the inspection, we served another welfare requirements notice on the 8 May 2024. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 17 May 2024.

to take action to ensure the safety of all children and identify, remove, or minimise, all risks and hazards to children's health and safety, with particular regard to children eating.

On 21 May 2024, we carried out a regulatory visit. The focus of the visit was to check whether the provider has met the safeguarding and welfare action raised at the last inspection. We found that the provider has met the action set in the welfare requirement notice. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
