

Compliance action taken for childcare provision

Ref: 305957/5671300

Date: 28 May 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 January 2024 the provider notified us that there had been an allegation against a member of staff. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 28 February 2024 we received concerns that the provider was not following their procedures to share information with parents.

On 22 May 2024 we carried out a regulatory telephone call. The focus of the call was to check that the provider had concluded their disciplinary procedures and had taken any necessary action. We found that the provider had completed a thorough investigation and took prompt action to reassess staff's supervision of children. All staff have refreshed the setting's policies for behaviour management, staff supervision and risk assessments. Management procedures are in place to ensure all staff, including apprentices, understand and maintain their roles and responsibilities to keep children safe.

There were no breaches found in respect of information sharing with parents.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
