

Compliance action taken for childcare provision

Ref: EY542647/5727306

Date: 20 June 2024

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 May 2024 and 3 June 2024 we received two separate notifications from the provider to inform us that children had been left unsupervised for a short period of time. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant incident which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises.

On 14 June 2024 we carried out a regulatory visit. We found that the provider had not been meeting some of the requirements, but had taken appropriate action to put this right through their own internal procedures. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
