

## **Compliance action taken for childcare provision**

Ref: 2713882/5761311

Date: 5 July 2024

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework](http://www.gov.uk/government/publications/early-years-foundation-stage-framework). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 June 2024, we received a notification where a child had been left unattended for a significant amount of time. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 02 July 2024 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We found the provider had taken action to put this right. The provider has improved their risk assessment and procedures to ensure that children remain supervised at all times on the premises.

The provider will be able to give parents more information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
