

Compliance action taken for childcare provision

Ref: EY478720/5758286

Date: 12 July 2024

Summary of outcome

On 17th June 2024, the provider notified us of a significant event at the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of such incidents.

On 227th June 2024, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. They have put additional training in place and reviewed policies and procedures to improve practice.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
